Mr. Lovett

We understand that at the last NSC meeting the paper, Director of Financial Studies (NSC 10), was deferred for future consideration and decision.

The Staff feels that NSC 10 constitutes a very important proposal on which early action is desirable.

Mr. Kennan, who is tied up with speech writing for the next several days, has asked me to discuss this paper with you at your early convenience.

George H. Butler

SAC

Mr. Butler: How about giving me a call on Saturday. I am free.
